Hi Tom

Is there any way she can provide us with her permit information so we can work on planning in the meantime?

FYI,

Looking to meet with Sarah from Waste Connections on site Friday 10:30 to go through profiles and site info for disposal approval.

Thanks TJK

Subject: Off-Site Rule acceptability question: Clean Harbors Deer Trail Landfill Facility

Dear Joyce,

The **Clean Harbors Deer Trail Landfill facility** continues to be acceptable pursuant to the CERCLA Off-Site Rule. Here's the newest verification of continued acceptability (VCA):

Because the OSR acceptability status is dynamic in nature and subject to change, Region 8 has instituted a policy where EPA conducts a VCA on facilities that have been previously found acceptable under the CERCLA Off-site Rule (OSR) such as the **Clean Harbors Deer Trail Landfill** facility in Colorado. The purpose of the VCA is to ascertain changes in a facility's compliance status or releases, and to confirm that the facility continues to be acceptable. VCAs are conducted when a request for OSR status is received and the previous VCA was conducted more than 60 days prior. VCA are valid for 60-days.

A VCA was completed for the Clean Harbors Deer Trail Landfill facility on December 28, 2017, so the VCA is valid until February 26, 2018. CERCLA waste shipments sent to the Clean Harbors Deer Trail Landfill facility until February 26, 2018 are in full compliance with the OSR. If CERCLA wastes are planned to be sent after this date, please let me know about a week ahead of time, so that a new VCA can be conducted.

Thank you.

Linda Jacobson
